

Lumity Benefits Platform

Elevating Benefits for Employers and Employees

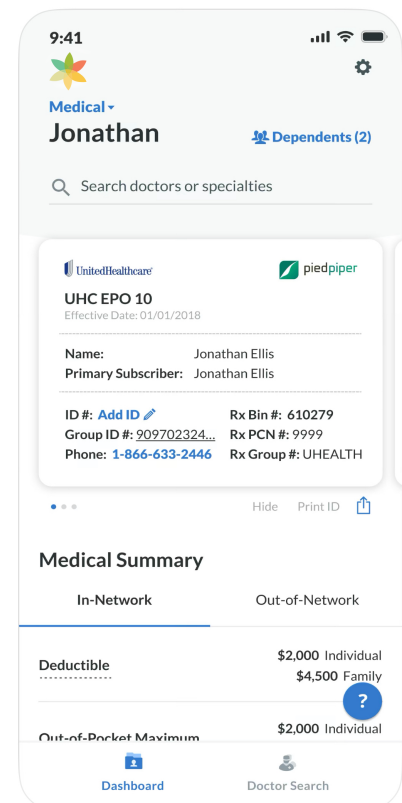

Elevate Your Benefits Program with Lumity's Cutting-Edge Platform

In the ever-evolving landscape of employee benefits, Lumity emerges as employers' strategic ally, offering a transformative approach to benefits management and communications.

As an employer, envision a seamless and empowered benefits administration experience that not only streamlines processes but also enhances the well-being and satisfaction of your workforce. Explore the distinctive features that Lumity brings to the table, redefining how you manage benefits and fostering a workplace culture centered around employee engagement and strategic decision-making.

Employee Experience: Unlocking Value for Your Team

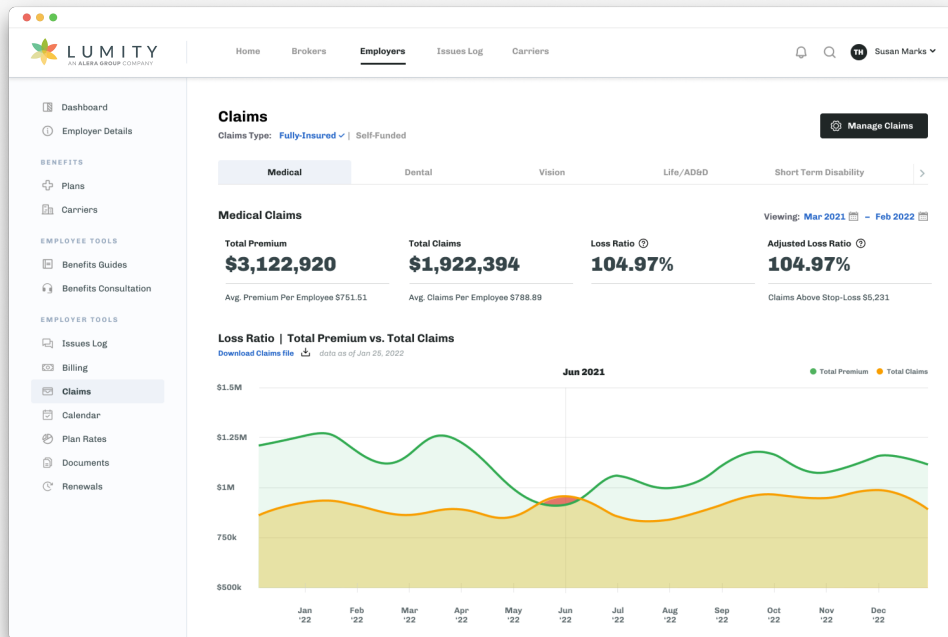

- **Decisioning Support** : Empower employees with personalized plan recommendations. Our Decisioning Support feature ensures that each individual receives tailored advice, helping them choose benefits that align with their unique needs and preferences.
- **Provider Search**: Simplify healthcare choices with our Provider Search tool. Employees can easily locate in-network healthcare providers, ensuring convenient access to quality care.
- **Microsite with All Benefits and Embedded Education**: Experience a centralized hub with our Digital Benefits Guide Microsite. Access all benefits, including PTO and wellness programs, along with embedded educational resources. Empower employees with comprehensive information to make informed decisions about their well-being.
- **Mobile App with Digital ID Cards**: Carry benefits in your pocket with our Mobile App. Access digital ID cards with real member IDs anytime, anywhere, ensuring a seamless and paperless benefits experience.
- **1:1 Benefits Consultations**: Personalized support is just a call away. Employees can schedule 1:1 Benefits Consultations to address specific queries, ensuring they have the guidance needed to make informed decisions.

Employer Experience: Streamlining Benefits Management

- **Claims Analytics:** Gain deeper insights into claims with our Analytics tool. Employers can make data-driven decisions, optimizing benefits packages based on usage patterns and trends.
- **Billing Reconciliation and Consolidation:** Simplify financial processes with our Billing Reconciliation feature. Easily consolidate and reconcile billing data, streamlining financial management associated with benefits.
- **Documents Repository:** Centralize document management with our Documents Repository. Easily access and manage essential documents, reducing administrative overhead and ensuring compliance.
- **Plan and Rate Information:** Stay informed with real-time Plan and Rate Information. Employers have access to up-to-date details, facilitating strategic decision-making regarding benefits offerings.
- **Transparency into Renewal Process:** Offers and Proposals: Collaborate effortlessly during the renewal process. Our platform offers transparency into offers and proposals, promoting open communication and strategic planning for the future.
- **In-Line Editing for Digital Benefit Guide Microsite:** Customize your Digital Benefit Guide Microsite with ease. Employers can leverage in-line editing capabilities to make real-time updates, ensuring the most accurate and relevant information for employees.
- **Issues Tracking - Transparency into All Ongoing Work:** Stay on top of ongoing tasks with our Issues Tracking feature. Employers have transparency into all ongoing work, facilitating efficient collaboration and issue resolution.

Ready to Transform Your Benefits Program?

Lumity is not just a benefits platform; it's a comprehensive solution designed to transform both the employee and employer experiences. As an employer, embrace the power of Lumity to navigate the complexities of benefits management with confidence, efficiency, and a renewed focus on the well-being of your workforce. Elevate your organization with Lumity – where seamless benefits experiences meet streamlined administration.
